

PLUGZIO CANDO

Plugzio Cando is a networked **Level 2 OCPP EVSE**, supporting up to **40A** charging current. It provides access control, billing, and monitoring of energy usage, with advanced features such as dynamic load balancing for restricted power budgets.

Wiring is simple with the included NEMA 14-50 plug, or it can easily be removed for a hardwired installation.

Plugzio Cando can be mounted directly to a wall, or on our optional **single or dual pedestals**

It comes pre-assembled with a 25ft cord and **J1772** connector.
